WHEREAS, Those different skills and abilities that kindergartners acquire lay the foundation for success at future grade levels; history has shown that in many cases, these children go on to become more competent learners, and are less likely to be held back in school; and

WHEREAS, The Illinois General Assembly is committed to improving education in Illinois at all levels; the State of Illinois is aiming to not only enhance the educational experiences of current students, but also to continue increasing enrollment in pre-school and kindergarten programs in the State; therefore, be it

SENATE JOINT RESOLUTION NO. 22

WHEREAS, In the National Labor Relations Act of 1935 (29 U.S.C. Sec. 151, et seq.) the United States Congress declared it to be the policy of the United States to encourage the practice of collective bargaining by protecting the exercise by workers of full freedom of association, self-organization, and designation of representatives of their own choosing for the purpose of negotiating the terms and conditions of their employment or other mutual aid or protection; and

WHEREAS, The freedom to form or join a union is a fundamental human right; and

WHEREAS, Unions benefit communities by strengthening tax bases, promoting equal treatment, and enhancing civic participation; and

WHEREAS, Fifty-seven million United States workers have indicated that they would join a union if given the opportunity; and

WHEREAS, Even though the nation's workers ostensibly have the freedom to choose whether to organize, in reality they are routinely denied that right; and

WHEREAS, When the right of workers to form a union is violated, wages decline, race and gender pay gaps widen, workplace discrimination increases, and job safety standards lapse; and

WHEREAS, Each year, 20,000 of America's workers are illegally threatened, coerced, or terminated for attempting to form a union; and

WHEREAS, A worker's fundamental right to join a union is a public issue that requires public policy solutions, including legislative remedies; and

WHEREAS, Federal legislation, the Employee Free Choice Act, has been introduced in the United States Congress (H.R. 800) in order to restore workers' freedom to join unions; therefore, be it

RESOLVED, BY THE SENATE OF THE NINETY-FIFTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE HOUSE OF REPRESENTATIVES CONCURRING HEREIN, that we urge the Congress of the United States of America to enact the Employee Free Choice Act that would protect and preserve the freedom of America's workers to organize and join unions by authorizing the National Labor Relations Board to certify a union as the bargaining representative when a majority of employees voluntarily sign authorization cards (commonly known as "card check" recognition), providing for first contract mediation and arbitration, and establishing meaningful penalties for violations of a worker's right to join a union; and be it further

RESOLVED, That suitable copies of this resolution be delivered to the President pro tempore of the U.S. Senate, the Speaker of the U.S. House of Representatives, and each member of the Illinois congressional delegation.

SCHEDULE

Senator Garrett offered the following Senate Joint Resolution, which was referred to the Committee on Rules:

SENATE JOINT RESOLUTION NO. 26

WHEREAS, During the 94th General Assembly, the Joint Task Force on Deaf and Hard of Hearing Education Options was established to undertake a comprehensive and thorough review of education and services available to the deaf or heard of hearing children in Illinois; and

WHEREAS, The Joint Task Force was to report its findings and recommendations to the General Assembly no later than January 1, 2007; and

WHEREAS, The Joint Task Force needs additional time to complete its work; therefore, be it

RESOLVED, BY THE SENATE OF THE NINETY-FIFTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE HOUSE OF REPRESENTATIVES CONCURRING HEREIN, that that the Joint Task Force on Deaf and Hard of Hearing Education Options shall submit a report, as established in its authorizing resolution, no later than December 31, 2007; and be it further

RESOLVED, That with this reporting extension, the Joint Task Force on Deaf and Hard of Hearing Education Options shall continue to operate pursuant to its enabling resolution.

Senator Garrett offered the following Senate Joint Resolution, which was referred to the Committee on Rules:

SENATE JOINT RESOLUTION NO. 27

WHEREAS, The U.S. Conference of Mayors adopted the "2030 Challenge" resolution calling for the immediate energy reduction of all new and renovated buildings to one-half the national or country average for that building type, with increased reductions of 10% every five years so that by the year 2030 all buildings designed will be carbon neutral, meaning they will use no fossil fuel energy; and

WHEREAS, The American Institute of Architects (AIA), the national professional organization representing architects has also adopted the "2030 Challenge" resolution; and

WHEREAS, The Inter-Governmental Panel on Climate Change (IPCC), the international community's

[February 9, 2007]

most respected assemblage of scientists, has found that climate disruption is a reality and that human activities are largely responsible for increasing concentrations of global warming pollution; and

WHEREAS, The North American and global building sector has been shown to be the major consumer of fossil fuel and producer of global warming causing greenhouse gases; and

WHEREAS, The federal government through programs fostered within many of its key agencies and numerous state governments as well as municipalities across the U.S. have adopted high performance green building principles; and

WHEREAS, A recent study completed by researchers from Capitol E and the Lawrence Berkeley National Laboratory, the most definitive cost-benefit analysis of green buildings ever conducted, concluded that the financial benefits of green design are between \$50 and \$70 per square foot, more than 10 times the additional cost associated with building green; and

WHEREAS, The large positive impact on employee productivity and health gains suggests that green building has a cost-effective impact beyond just the utility bill savings; and

WHEREAS, Studies have indicated that student attendance and performance is higher in high performance school buildings; and

WHEREAS, Recognizing that a building's initial construction costs represent only 20 to 30 percent of the building's entire costs over its 30 to 40 year life, emphasis should be placed on the "life cycle costs" of a public building rather than on solely its initial capital costs; and

WHEREAS, The construction industry in the U.S. represents a significant portion of our economy and a significant portion of the building industry is represented by small business and an increase in sustainable building practices will encourage and promote new and innovative small business development throughout the nation; therefore, be it

RESOLVED, BY THE SENATE OF THE NINETY-FIFTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE HOUSE OF REPRESENTATIVES CONCURRING HEREIN, that all State of Illinois buildings meet the following targets; and be it further

RESOLVED, That new construction of buildings shall be designed to and achieve a minimum delivered fossil-fuel greenhouse gas (GHS) emitting energy consumption performance standard of one-half the U.S. average for that building type as defined by the Environmental Protection Agency (EPA) in the EPA's Target Finder; and be it further

RESOLVED, That renovation building projects shall be designed to and achieve a minimum delivered fossil-fuel GHG emitting energy consumption performance standard of one-half the U.S. average for that building type as defined by the EPA's Target Finder; and be it further

RESOLVED, That all other new construction, renovation, repairs, and replacements of buildings shall employ cost-effective, energy-efficient, green building practices to the maximum extent possible; and be it further

RESOLVED, That the State of Illinois will work to increase the fossil-fuel GHG emitting reduction standard for all new buildings to carbon neutral by 2030, in the following increments:

60% in 2010

70% in 2015

80% in 2020

90% in 2025

Carbon-neutral by 2030 (meaning new buildings will use no fossil fuel GHG emitting energy to operate); and be it further

RESOLVED, That the Illinois Green Government Coordinating Council will develop plans to fully implement these targets as part of the procurement and inspection process and by establishing polices to insure compliance and measure results; and be it further

[February 9, 2007]

RESOLVED, That the State of Illinois will work in conjunction with other appropriate organizations to join this effort to develop plans to fully implement similar targets; and be it further

RESOLVED, That a copy of this resolution be presented to each constitutional officer and the head of each State agency.
